## MEMORANDUM

**Subject:** Joint Accessibility Advisory Committee

**To:** Diversity Equity and Inclusion Advisory Committee

**From:** Matthew Trennum, City Clerk

---

At the previous Diversity, Equity and Inclusion Advisory Committee meeting, there was a question concerning accessibility of buildings. As a follow up to this question, and to further educate the DEIA Committee on City programs and services, the City's Multi-Year Accessibility Plan has been appended to this memo for information.

Please note, the City is a member of Niagara's Join Accessibility Advisory Committee. An accessibility consultant on behalf of the City and other local area municipalities facilitates this Committee. The accessibility work done by the City each year comes from this plan. As matters of accessibility arise throughout the term of Council, for example, a review of ramp on a City property, such matters are referred to our consultant who reports back to Staff with recommendations.

Respectfully submitted and signed by
