- **Reason for Attending the Council Meeting**
I would like to make a deputation at the September 19th Council meeting re: the proposed Northland gas power plant
- **I have never spoken on this issue before. Key points of my deputation are as follows:**
Thorold City Council should not approve the proposed Northland gas power plant since we have cleaner and lower cost options to keep our lights on; and Ontario needs to create a zero-carbon electricity grid to encourage manufacturing companies to invest in the Niagara region.
- **I understand that the information contained on this form, including any attachments, will become public documents and listed on City Meeting Agendas and on the City's Website.**
