

MEMORANDUM

Subject: Road Safety Advisory Committee Resolution Concerning the Heart Niagara Bike Rodeo.

To: City Council

From: Justin Letourneau, Legislative Assistant

At their meeting on May 1, 2024 the Road Safety Advisory Committee discussed the Heart Niagara Bike Rodeo event. It was discussed that last year's event had 300 Thorold students participate and that the group is in need of \$4,000 for the 2024 event.

The Committee passed the following resolution:

That the Road Safety Advisory Committee **RECOMMENDS** Council support the Heart Niagara Bike Rodeo event with an \$800 donation.

The event was supported in the past by the Active Transportation Subcommittee (ATSC) budget. The Subcommittee is now a Community Liaison Group and no longer has a budget. However, there is still \$1,200 put aside in the former ATSC budget and Council could use this money to fund the Heart Niagara Bike Rodeo event if they choose.

Respectfully submitted and signed by

Justin Letourneau
Legislative Assistant
