Rocking The Battlefield Concert

Dear Committee Members

The Niagara Peninsula Foundation For Children was delighted to be part of "Rocking The BattleField" held on August 17, 2024 at the Battle of Beaverdams Park. The park is an outstanding venue for a concert such a nice location., very clean and the landscape is beautiful.

The City of Thorold Recreation Department staff inside and outside were excellent to work with and most accommodating and professional in dealing with the public. The Foundation would recommend this park to any charity to hold an event as the Thorold employees were so helpful.

The proceeds generated from this event will support disadvantage children with special needs in the City of Thorold and the Niagara area. The profits from the event has been shared with : School Breakfast and Snack Program, Kristen French Child Advocacy Centre, John Howard Society and the Winter Warm Clothing for Children.

The event would not of be possible and successful without the leadership of the Venneri Group and Automotive Thorold Solutions they are big supportive of improving the lives of children with special needs

The Niagara Peninsula Foundation for Children is looking to another big a better " Rocking The Battlefield in Thorold in 2025

Respectfully Yours

Jack Foster-Chair
