

Subject: Indoor Track License Agreement – Walker Sports and Abilities Centre

Report to: Thorold City Council

#### Recommendations

- That Council APPROVE the License Agreement for the rental of the Indoor Walking Track at the Walker Sports and Abilities Centre (Canada Games Park) for the 2023-2024 Winter Season.
- 2. That staff **BE DIRECTED** to request the Canada Games Park Consortium Partners and Facility Operator to revise the draft Venue Use Allocation Policy to give higher priority for Community Use and Public Programming.

## **Key Facts**

- The City of Thorold Council has requested that time be allocated at the Walker Sports and Abilities Centre (Canada Games Park) for the use of the indoor track by Thorold residents and has made provisions in its budget for the rental of this facility.
- The allocation of time and rental arrangements are the responsibility of the facility operator who is tasked with optimizing the use of the facility with the oversight of the Canada Games Park Consortium.
- The Operator has developed criteria for time allocation at the facility based on the guiding principles established in the Consortium Co-Tenancy Agreement.
- Staff have received the draft License Agreement and are seeking Council's approval
  of the allocation schedule prior to signature.

# **Budgetary Status**

The term of this agreement commences November 6<sup>th</sup>, 2023 and expires April 29<sup>th</sup>, 2024. The monthly fees for November and December of this year are \$2,203.50 and \$2,350.40 respectively. Funding, in the amount of \$17,000, was approved in the 2023 budget for City sponsored rentals at Canada Games Park

## **Analysis**

City staff would like to report that the utilization of the Walker Sports and Ability Centre at Canada Games Park has increased dramatically since the completion of the Canada Games in August of 2022. As our community and its user-groups are learning more about the facility, we are learning about *how* and *when* they would like to access these amenities and public spaces. The increased popularity has however, brought about some challenges with respect to preferential access by local groups and the allocation of time, particularly during prime hours of operation.

The Consortium Co-tenancy Agreement established a framework for the utilization of space in this building. The details of this arrangement, described in *Schedule "A"* of this Agreement are entitled "Facilities Programming Agreement Guiding Principles". The guidelines include how the gymnasium time and costs are to be allocated, including provisions for bumping rights, assignment of allocations and conflict resolution.

Responsibility for scheduling and prioritization of this facility has been delegated to the independent operator (ASM Global) who is tasked with balancing the needs and wants of the user groups from each of the three operating partners of the Consortium. Based on the language and original intentions of the Consortium Co-tenancy Agreement they have established prioritization criteria as follows for the Gymnasium, Dry Floor and Track facilities (indoor and outdoor);

### Allocation Criteria

- 1. Black Out Dates for Major Events
- 2. Brock University's Dedicated Time as per Pro forma
- 3. Tournaments
- 4. High Performance Groups
- 5. Youth Groups
- 6. Community Use
- 7. Public Programming

This criteria was established at a time when the City of Thorold and its Operating Partners were focused on the financial sustainability of the facility and could only speculate on the desired use of the gymnasium by its local groups.

This year, Thorold City Council approved funding to establish dedicated time at the indoor walking track.

# **Requested Time**

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
6:00pm - 8:00pm				

### **Allocated Time**

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
7:30pm - 9:30pm	N/A	6:00pm - 8:00pm	7:00pm - 9:00pm	6:00pm - 8:00pm

As this is the first year for our City-sponsored program, we will need to monitor the attendance and invite public input to ensure the times and dates suit the community needs moving forward. Staff will promote and advertise on the City's website and other social media platforms. The draft License Agreement is included in Appendix 1.

The requested and allocated time vary as a result of having to accommodate other user groups having a higher priority.

As the popularity of the facility continues to grow, the challenge will be to find a balance between *community access* and *financial sustainability*. This new reality will force the Consortium Partners to adjust the priority for **Public Programming** and **Community Use**, which will push the time allocation for **High Performance Groups** into non-Prime time hours.

Staff are seeking City Council's direction to engage the Consortium Partners and the Independent Operator to revisit and finalize the Venue Use Allocation Policy to reflect the need to accommodate the need for better access to prime time usage of the facility for Community Use and Public Programming.
