

Delegation

Joanne:

My firm is the Architect and Prime Consultant for the new Thorold Fire Station.

Fire Chief Terry Dixon has asked us to participate in the December 7 Council meeting, where the design of the station and the construction budget will be presented to Council.

I will definitely participate, and Michael Thier from my office may also participate in this meeting.

I understand that we need to register as a Deputation for this purpose.

Please confirm that we are registered, provide us with a link to this meeting, and advise us of any protocols.

Thank you!
